OCEANSIDE GLASSTILE MIRRORS MARKET DEMAND

Antique Mirror is set to Mesmerize.

Carlsbad, CA – Winter 2015

Oceanside Glasstile embraces Antique Mirror as the latest innovation within their Devotion collection. 3 new colors bring a depth to the Devotion palette; welcome to the fold Gilt, Lustre and Heirloom. Gilt offers a soft smattering of luscious gold over a stunning silver mirror. Lustre showcases plush silvery platinum splashes across a rich mirror backdrop. And Heirloom, true to its name, evokes nostalgia through soft kisses of lapsed time on a truly vintage mirror application. The added splendor that these colors bring to the table will take any residential or commercial project soaring to the next level of design.

Made in Italy and set to mesmerize, this new addition brings our Devotion patterns to a new height of luxe design. Antique Mirror is available in 6" x 12" field tiles, as well as, a color option for all mosaic patterns. With 5 intricate water-jet designs and 4 traditional hand-cut styles this collection will appeal to all audiences. In 2015 an additional water-jet pattern is being introduced to the collection. Cathy Aroz, Design + Merchandising Visionary shares, "I felt like Devotion needed some more organic patterns to round it out and looked to my favorite inspiration - nature. Patterns are very relevant in the design world now as we explore classic motifs interpreted in new ways. Lotus has a softness and ease that works in a number of settings and has a timeless quality."

Devotion opens the door to unlimited opportunities. From visual focal points to private sanctuaries, this diverse collection uplifts the design conversation with new revelations. Colors range from bold jewel tones to earth inspired neutrals and take on 3 dimensional qualities through the layering of texture, mirror, and iridescent surfaces. In addition, 14 color palettes have been created to help spark the creative process. Check out the new blend tool at www.glasstile.com where a true-to-life rendering can be achieved in all of Devotion's patterns.

Oceanside Glasstile is a world leader in the design and production of hand crafted glass tile. They provide unique and innovative products to the tile, architectural and design industries, as well as consumer markets. Oceanside Glasstile pioneered the development of glass tile products, which it markets globally to distributors and showrooms.
