OCEANSIDE GLASSTILE INTRODUCES HARMONIA-

New Mixed-Media Mosaic in a Nature Inspired Color Palette

Carlsbad, Ca – Immediately - Oceanside Glasstile is reconnecting with Mother Earth as they release their new line Harmonia. The new line, poetic in nature, marries layers of high quality travertine with the rich colors of straight edge Muse glass. The resulting texture and depth create a truly stunning integrated mosaic that fulfills myriad design visions from classic to contemporary.

"Nature inspired, this mosaic collection offers a modern aesthetic that celebrates organic beauty, said Design Director Feras Irikat. "It has an affinity-to minimalist design. The line features beautiful elements by using a distinctive mix of materials and textures . . . offering limitless possibilities and sure to add elegance to any space."

The new product line consists of three patterns, a straight edge mosaic, a straight set brick pattern, and a 30% offset pattern allowing for modern or eclectic design. In addition three new colors, a blue and green, inspired by the Pacific Ocean and tropical forest will be joining the color palette, along with a brand new Grey, allowing for unexpected color combinations. The product offering includes 12 rhythmical pre-designed blends to complete Harmonia's pleasing melody. For those who like to sing to their own tune, the option to customize your own Harmonia blend is also available.

Oceanside Glasstile has had a conscientious commitment to the environment since its inception in 1992. Annually, the company uses over 2 million pounds of glass from curbside recycling programs to manufacture their products – turning waste that would otherwise end up in landfills into expressive design materials. Many colors contain up to 86% recycled material.

About Oceanside Glasstile

Oceanside Glasstile looks for new ways to use molten glass to create architectural tile designs for home and commercial environments. The manufacturing process aims to be a closed loop with as little impact on the environment as possible - from increasing the recycled content of the tile to minimizing energy and waste. Oceanside Glasstile offers nine products line ranging from glass and mixed media mosaics to larger format modulating, dimensional designs.
